just live streaming. Crystal Morgan shared the costs for Zoom. Alt volunteered to research what is available and present it to the board at the next meeting.

Public Comment:

It is important for part year residents to keep up with board activities so having Zoom would be appreciated.

Thanks to the PLIB for their work. Excited for this summer.

Hebron residents interested in having their lake bottom treated need PLM info. *Drier will contact PLM this week and see what they want given out for contact info. This will be on the website by the end of next week.*

Two comments: Wonderful job. Really like to see use of Zoom continued.

Zoom is vital to keep people informed.

Thank the board for its dedication.

The meeting adjourned at 7:39 P.M.
